## **IBJA asks DGFT to scrap special gold import quota from the UAE**

The Indian Bullion and Jewellers Association (IBJA) wants the Director General of Foreign Trade (DGFT) to scrap the special gold import quota from the UAE under the comprehensive economic partnership agreement allotted to 78 applicants this year, and call for fresh applications from eligible players.

In March, the DGFT allotted an import quota of 140 tonnes of gold to 78 applicants with one per cent lesser import duty than the usual under the scheme known as Tariff Rate Quota (TRQ).

The IBJA letter says the government exchequer stands to lose ₹750 crore to ₹800 crore due to incorrect allotment of TRQ quota of 140 tonnes of gold for FY24 in terms of UAE-CEPA agreement with 1 per cent lesser import duty.

## INDUSTRY VIEWS

# Akshaya Tritiya Tradespeak

The bullish gold market have seen a gold prices rise by 20 per cent as compared to last year. This Akshay Tritiya the buying sentiment seems a little low as compared to last year. Sales this year are moderate as compared to last year. What is very encouraging is the great footfall across jewellery stores. We hope for the best.

**DR. CHETAN KUMAR MEHTA**  
CMD - Laxmi Diamonds, Bengaluru

Akshay Tritiya 2023 started with a bang. Customers have been lining up since morning across all our stores in Maharashtra. We are seeing a similar response across markets in other parts of the country too! Bullion and jewellery, both are going strong. We have seen a lot of uptake for wedding jewellery and heavy weight jewellery. People have adjusted with the prices and seeing an upward trend people have made purchases. Diamond jewellery has also seen strong performance along with silver, which has been a highlight of the year. At PNG Jewellers we have overtaken last year's Akshay Tritiya sales by 15% percent in quantity terms and around 40% in terms of value. This performance is a very strong indicator of how the upcoming season will shape up. Across India last Akshay Tritiya, the industry saw a business of 28 tonnes, this year it will reach 35 tonnes.

**DR. SAURABH GADGIL**  
CMD, PNG Jewellers

**AMIT PRATIHARI**  
Vice President,  
De Beers Forevermark

On the auspicious occasion of Akshaya Tritiya today, we have been witnessing strong footfalls. All our partner retailers have received a good response and we have witnessed a strong momentum across the country. Be it for upcoming weddings or buying gift items for the occasions, people are taking more interest in diamond jewellery. Also, with the positive shift in consumer buying patterns towards the purchase of items that hold meaning and value, natural diamonds continue to be sought after due to their inherent preciousness. We have noticed around 25-30 per cent growth this Akshaya Tritiya and are upbeat that the strong demand for this festivity will be retained for the rest of the year.

This Akshaya Tritiya, jewellery sales were satisfactory and encouraging— this inspite of high gold prices. But it must be noted that the ticket size came down by 30%.

# Robbery-related violence is on the rise!

Violence during robbery incidents is increasing everywhere, in stores, against sales agents on the roads and at various exhibition events. Recently, a secured courier company employee was murdered, a jeweler was murdered in Houston, and others were injured in various robbery incidents.

Violent events typically happen in two situations. One, where unskilled robbers use violence in the very early stages of the incident. And two, when robbers lose their temper and the incident ends with severe violence, due to individuals' defensive behavior in an attempt to fight over the goods and save them from being robbed.

We remind and recommend that robbers' instructions must be obeyed. No matter where an attack occurs - on the road, in the store or at offices. The merchant's role is to prevent the robbery, to detect tale signs of a coming attack, to understand at an early stage that an attack is about to take place, and in general - to always follow the rules of preventive behavior.

Nevertheless, if a robbery occurs, you should not try to prevent it; you should not try to resist; you should not try to "defeat" the robbers. Behave as calmly as possible and follow the instructions given by the attackers - any attempt to fight back may make the incident more violent.

## NEWS - INDIA

# India to import gold at 1% concessional rate under UAE CEPA

India will import 140 metric tons of gold from the UAE under a reduced rate for 2023-24.

The two countries have negotiated a gold tariff quota provision under their Comprehensive Economic Partnership Agreement (CEPA), which went into effect a year ago on May 1.

A dedicated channel will facilitate India's gold imports from the UAE at a one percent concessional duty rate. This has been allowed under the CEPA arrangement signed between India and the UAE,

The Director General of Foreign Trade (DGFT) Santosh Sarangi said, "Considering the strong trade partnership between India and UAE as well as to uphold the spirit of the Trade Agreement [CEPA], the matter was considered by the government and the DOR (Department of Revenue) Notification dated 31.03.2023 was issued removing the Jewellery manufacturer criteria."

The gold tariff rate quota (TRQ) will be allocated to applicants as per India's revised simpler eligibility criteria under the 2023 Foreign Trade Policy, which promises to ease the compliance burden for Indian importers.

# Jewellery and precious metals are safe haven for Chinese

Jewellery and precious metals consumption in China soared 37.4% in March from a year earlier underpinning a 13.6% jump for the quarter and topping the list of items that stoked a surge in first-quarter retail sales,

China's economy grew at a faster-than-expected pace in the first quarter, with retail sales rising 10.6%, beating forecasts for a 7.4% increase by a large margin.

The interest in precious metals is a worrying indicator that China's efforts to revive its economy via domestic spending, after years of strict COVID curbs, may not be working.

# Turkey aims to increase jewellery exports to over \$10bn in 2023

Turkey aims to increase the exports of its jewellery products to over \$10 billion in 2023, despite the February earthquakes' impact on the sector.

Burak Yakin, chairman of the Turkish Jewellery Exporters' Union (MIB), said that the country's jewellery industry is recuperating from the catastrophic February 6 earthquakes and expected to continue its robust growth in 2023, surpassing the \$10 billion in exports recorded in 2022, up from \$6.7 billion of exports and re-exports registered in 2021.

The exports have increased significantly in the past decade, and accounts for 1.5 per cent of all Turkish exports in 2022, according to data released by the Turkish Statistical Institute in March.

More than 300 tonnes of gold are made into sophisticated pieces of jewellery in Turkish factories each year, according to statistics released by MIB.
